A card to suit all travel requirements.

The VOLUXIS Owner Jet Card range

Perfect for long weekends away, multi-leg business or touring itineraries.

Take one of our 5 Midsize Hawker or Phenom 300 private jets from their London (Farnborough / Biggin Hill), Luton or Birmingham base and keep it with you, like it's your own personal aircraft. Use the jet for as many days as you like, until you return it to base.

Just pay the minimum daily usage, tell us where you want to fly and when, and leave the rest to us. We will endeavour to provide you the same crew each and every time you fly, to ensure you get to know your flying team – to experience the 'Owner feel'.
